

Williams on Equality

1 Equal treatment

a. *Facts*

Integrity, the “desire to be identified with what one is doing, to be able to realise purposes of one’s own, and not to be the instrument of another’s will ...” (p. 234)

b. *Egalitarian political project*

Expose hierarchies based on false consciousness.

2 Unequal treatment

a. *Facts*

Nature of goods. Health care is for curing illness; university education for learning.

b. *Egalitarian political project*

Make distribution of goods line up with need (health) or merit (higher education). Remove wealth as a condition for receiving them.
